In Brief

Life member **John Dennis** was suddenly taken ill on Sunday 10th February. He collapsed on his local railway station and was taken to the Royal Berks Hospital where he was made comfortable. Investigations revealed a new manifestation of a long term heart problem.

John made a fast recovery and was released within a few days. He has been referred to the London Heart Hospital where specialists are investigating the possibility of fitting a pacemaker. Shelagh reports that she is having trouble getting him rest and is threatening to tie his legs together. The Club wishes John a speedy recovery.

Key points: Time Trial Secretary position remained unfilled, contact Peter Ansell if you are interested in filling the vacancy. A working group be formed to investigate the logistics and costs involved with running a Cyclo Sportif event. A number of suggestions were made to improve the Prize Presentation as it was thought that the function was too similar to the Christmas Lunch.
