In Brief

Stephen Roach was knocked off his bike whilst riding to work on the 1st July and sustained a broken collarbone. He was taken to Mayday Hospital, Croydon where he was patched up and later discharged. I understand that he is in some discomfort and is now convalescing at his parents house with his arm in a sling. Stephen was having an excellent run of form, having just completed the Redbull MTB 24 Hour endurance team race. The Club wishes him a speedy recovery.
